

# Welcome to the new world of Anywhere On Wheels.

**Anywhere On Wheels** aims to re-define the world of accessible travel with a 'Back to the Future' approach. In a world where the internet dominates sales and marketing, travel for people with disabilities has grown through the formation of small specialist travel and tour companies. As incredibly welcome as this has been Anywhere On Wheels felt that it would be fantastic to book with a regular travel agent. This would bring the benefits of personalised service (there is nothing quite like chatting to a person face to face), the better buying power of a large company, the financial security of knowing an established and local company would be handling your financial transactions and much more.

## ***How are we achieving this?***

In the past, many of us have tried to deal with a local travel agent. In almost every case the experience has been frustrating and disappointing. The agent would begin by trying to help; however, it would quickly become apparent that they did not have the knowledge or expertise to provide the needed service. Both the customer and the agent would realise this, the conversation would cease and the customer would either give up or go elsewhere for assistance (usually the internet).

## ***We are changing this!***

We are empowering local travel agents by providing them with the information and more importantly the professional support to be able to source all the information they and you require. We ensure agents have access to the power of the internet through supportive videos that will allow you, the customer, to see for yourselves such information as accommodation, attractions, transport options and more. Video is, as you know, vitally important because each person's mobility impairments can have different requirements. Videos of accommodation will allow you to choose what is best suited for your needs. Similarly viewing a video of an activity will enable you to see if you are comfortable with the levels of accessibility offered or the amount and type of assistance required. In short, the world of video brings confidence that only 'seeing with your own eyes' provides.

## ***What if you can't make it to an agent?***

That's OK too. We can give you access to Anywhere On Wheels resources to peruse at your leisure. You can select your accommodation, choose your activities, mobility equipment requirements, transport options and more. Your selections will then be forwarded to our nearest approved travel agency so as to allow the same professional, friendly service and security as those who deal with the agent face to face.

## ***We offer the most supportive travel experience in the world!***

Anywhere On Wheels is leading the way in providing valued support to customers with accessibility needs. We have released our very own app which allows Anywhere On Wheels members to rate the accessibility of venues of all kinds. This allows people a fuller experience while traveling by providing information such as the location of the nearest cafe, hairdresser, ATM or post office. The app will also offer great local discounts to members. Anywhere On Wheels is also producing an online television program which will highlight destinations all over the world so that you can see exactly what you are getting before you even make an enquiry.

## ***Who is Anywhere On Wheels?***

Anywhere On Wheels was conceived by people in wheelchairs that have faced the same issues travelling as many of us. Our CEO has over a decade of experience travelling both independently and as a tour guide for specialised tours for the mobility impaired. Our financial backers have also had many years in large successful companies with some directly involved in mobility impaired services. Anywhere On Wheels aims to employ people with mobility issues wherever possible.

Some shopping and attractions follow at Aisa Tique Riverfront Market. A relaxing dinner then back to the hotel.

## Day 3 (B, L, D) BANGKOK

The evening will be a night of leisure or an opportunity to explore.

## Day 4 (B, D) BANGKOK

We start the day with a visit to The Grand Palace. Home to centuries of Thai Kings, The Grand Palace is a kaleidoscope of architecture, riches and style. A rest afternoon (with options) follows to prepare for a magical Dinner cruise down the Chao Phraya River. Feast and take in Bangkok by night as you are entertained by talented musicians.

## Day 5 (B, D) DAMNOEN SADUAK (4 NIGHTS)

On the way to our rural retreat (designed around the needs to the mobility impaired) we'll visit "The Golden Buddha". This 5.5 tonne statue was disguised in concrete for centuries before being rediscovered! A welcome dinner party will be held in the hall with a Thai band and some karaoke.

## Day 6 (B, D) DAMNOEN SADUAK

Breakfast first and then it's all aboard our accessible river cruiser and on to the world famous floating markets of Thailand. Eat, shop, mingle with exotic animals and more. After lunch we head through the canals to the Meh Kong river. The return trip includes dinner on board and a river sunset.

## Day 7 (B, L, D) DAMNOEN SADUAK

In essence, a rest day. Today you can just laze around within the resort and recharge. However, if resting is not your aim a variety of options will be available, such as massages, cooking lessons, fishing and more on offer. Dinner will be provided at the resort.

## Day 8 (B, D) DAMNOEN SADUAK

Today features something unique to Anywhere On Wheels. The local Buddhist temple comprises a working monastery and museum. They have invited our guests to spend the morning with them learning about and experiencing genuine Buddhist culture. After lunch we will take a bus tour of some local sights.

## Day 9 (B, D) BANGSARAY, PATTAYA (5 NIGHTS)

Today we will travel to Bangsaray (outside Pattaya) to another modern accessible resort. On the way we will see the world in miniature. Mini Siam features small scale landmarks from Thailand and the world. These include the Grand Palace, Statue of Liberty, Sydney Opera House, Statue of David and 100's more. After traversing our mini world it's on to the resort for a dip in the pool and a welcome BBQ to remember! Entertainment provided.

## Day 10 (B, L, D) BANGSARAY, PATTAYA

Today is the day most often voted as the best by our travellers. We spend a whole day at Nong Nooch Garden. A 600 acre playground filled with gardens, culture shows, tigers, elephants, exotic cars, great food and even dinosaurs. This is a truly spectacular day! Dinner will be provided back at the resort!

## Day 11 (B, L, D) BANGSARAY, PATTAYA

A relaxed, yet eventful day starts with breakfast and some Thai cooking lessons. The results of which will be packed into a picnic hamper for our picnic lunch in the picturesque grounds of 'The Mountain Buddha' – a mountain sized Buddha that was once a quarry. The afternoon is filled with the options of fishing or massage. Tonight we can choose between the night life of Pattaya or shopping.

## Day 12 (B, D) BANGSARAY, PATTAYA
